WHO IT IS FOR

Business leaders, researchers, buyers, providers and editors who need a shared view of AI.

THE QUESTION

A list of tools hides the infrastructure and relationships behind them. The three-ring edition connects business work, data types and the technology stack in one inspectable map.

WHAT YOU CAN WORK WITH

01

Three independently rotating rings connect 24 business areas, eight data types and six technology layers.

02

Decision lenses, relevant search, documented relationships and source-backed profiles.

03

Source dates, qualifications and a factual-correction route.
